## **Generations**

## **Inspiral Carpets**

You've got twenty seven years on me

The things you're doing make me smile

The days we spend are sent from heaven

And you're always on my mind

And you're always on my mindIn my heart, there's a rainbow glowing

(In my heart)

In my head, there's a moon so bright

(In my head)

In my sky, there's a snow cloud snowing

(In my sky)

Sandman's coming out tonightI've got twenty seven years on you

The things you're doing make me laugh loud

The days we spend are sent from heaven

And you've given me my lifeIn my heart, there's a rainbow glowing

(In my heart)

In my head, there's a moon so bright

(In my head)

In my sky, there's a snow cloud snowing

(In my sky)

Sandman's coming out tonightBa, ba, ba, ba, ba, ba

Ba, ba, ba, ba, ba, ba

Ba, ba, ba, ba, ba

Ba, ba, ba, ba, ba, baPlanet spins, planet spins

And another generation gives the hope

And the joy and the life

To the beat to the heart of the nextFree at last, free at last

Free at last, free at last

Thank God Almighty

We are free at lastIn my heart, there's a rainbow glowing

(In my heart)

In my head, there's a moon so bright

(In my head)

In my sky, there's a snow cloud snowing

(In my sky)

Sandman's coming out tonightIn my heart, there's a rainbow glowing

(In my heart)

In my head, there's a moon so bright

(In my head)

In my sky, there's a snow cloud snowing
