Why I'm Here

Timoon

Its the reason for my pain
In a season to celebrate
I dont wanna be full of hate
For anybody, but its too lateEveryone has been in my face
Telling me that Im a disgrace
Showing me things that I must face
Telling me that they need their spaceI can't love you anymore
Im scared of the sound of itIts the reason why Im down
Im beaten been pushed around
Hit the ceiling without a sound
Everyone I know considers me a clownI cant love you anymore
Im scared of the sound of it
And woman, I just wanted moreOh, I cant love you anymore
I'm scared of the sound of it
And woman, I just wanted moreIts the reason why Im here
Its the reason why Im here
Its the reason why Im here
Its the reason
