

Monstrance Clock

Ghost B.C.

To the sound of the monstrance clock
Air is cleansed, assembled flock
Black candles burn, all minds aligned
To the sound of the monstrance clock
Air is cleansed, assembled flock
Black candles burn, all minds aligned
As the parish sighs in smoke
Enters lady revealed of cloak
To the haunting sound of the monstrance clock
Singing:
Come together, together as a one
Come together for Lucifers son
To the sound of the end of day
Mesmerized, the assembled sway
Black candles burn, all minds aligned
Hypnotizing horns of ram
Paralyzing pentagram
And the eerie sound of the monstrance clock

Singing
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
Come together, together as a one
Come together for Lucifers son
