

# Can't Stop Loving You

## Omg Girlz

[Verse 1 - Bahja (Beauty)] I could never get over you baby  
When I first met you man it was crazy  
You thought I was feelin' myself to me your so freakin' arrogant  
I could never forget the loser, you really was hanging with  
I'm tryna forget the people that told you I wasn't it  
Never get over the look you give me like I could get it, if I was with it?  
first time you kissed me, I could tell it was different  
The feeling that I was gettin'

This feelin' that I been missing my whole life I ain't tryna let it go  
I know that I be trippin, but I ain't never gave my heart to nobody  
I thought i did, but when you came up it proved that I really didn't  
Anything you do I find it in my heart to forgive it

[Chorus - Zonique (Star)] I can't stop loving you

Lo-Loving you  
I'll never stop loving you  
Lo-Loving you  
Loving you-Lo-Loving you  
And I can't get over you  
o-o-over you  
Can't get over you o-o over you  
o-o over you-o-o over you

[Verse 2 - Zonique(Star)] Everybody's talkin' bout what we do  
and If we ever gone make it? Is you really in love? And will he even be faithful?  
I ain't trippin' about what they be talkin' about  
If they ain't talkin' bout us then we ain't doing it right

But I'll never get over the look you give me like I could get it, if I was with it?  
First time you kissed me, I could tell it was different  
The feelings that I was gettin'

This feelin' that I been missing my whole life I ain't tryna let it go  
I know that I be trippin, but I ain't never gave my heart to nobody  
I thought i did, but when you came up it proved that I really didn't  
Anything you do I find it in my heart to forgive it

[Chorus][Verse 3 - Breanna (Baby Doll)] My my hearts ripped but I could never stop loving you  
I ain't afraid to go and find forever if I can I find it in you  
Its funny forever seem it take forever to lose I'll choose  
You consider all this a dream my Hollywood hallelujah  
A metaphor goes written by the producer of the show  
I want you to know bae to know that I'm thankful

Balling chains just saying don't mean my angles  
Un they say tomorrow isn't promised a genius is sorta crazy  
Till my heart beats lazy  
He he heart beats lazy  
[Chorus]i cant stop loving you  
l-loving you  
i'll never stop loving you  
l-oving you  
and i cant get over you  
o-o-over you,cant get over you o-o-over you.
