

# King Without A Crown

## Big Krit

I said, "You're all that I have and you're all that I need"  
Each and every day I pray to get to know you please  
I want to be close to you, yes, I'm so hungry  
You're like water for my soul when it gets thirsty  
Without you there's no me, you're the air that I breathe  
Sometimes the world is dark and I just can't see  
With these demons surround all around to bring me down to negativity  
But I believe, yes I believe, I said, "I believe?"  
I'll stand on my own two feet, won't be brought down on one knee  
I'll fight with all of my might and get these demons to flee  
Hashem's rays fire blaze burn bright and I believe  
Hashem's rays fire blaze burn bright and I believe  
Out of darkness comes light, a twilight unto the heights  
Crown heights burnin' up all through the twilight  
Said, "I thank you" to my God, now I finally got it right  
And I'll fight with all of my heart and all my soul and all my might  
What's this feeling? My love will rip a hole through the ceiling  
I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing  
I want Mashiach now, so it's time we start revealing  
What's this feeling?  
Me no want no Sinsemilla, that would only bring me down  
Burn away my brain, no way, my brain is too compound  
Elevated my soul, you're a flying my sound  
Like the sun of a sun ray burning up through a cloud  
Say, Torah food for my brain, let it rain till I drown  
Thunder, let the blessings come down  
Say, Torah food for my brain, let it rain till I drown  
Strip away the layers and reveal your soul  
Give yourself up and then you become whole  
You're a slave to yourself and you don't even know  
You want to live the fast life but your brain moves slow  
If you're trying to stay high, then you're bound to stay low  
You want God but you can't deflate your ego  
If you're already there, then there's nowhere to go  
If you're cup's already full, then it's bound to overflow  
If you're drowning out in the waters and you can't stay afloat  
Ask Hashem for mercy and he'll throw you a rope  
You're looking for help from God, you say he couldn't be found

Looking up to the sky and searchin' beneath the ground  
Like a king without his crown, yes, I wanna get down  
A king without his crown, yes, you keep fallin' down  
You really want to live but can't get rid of your frown  
Try reach him to the heights and wound down, down, down, down  
Say what's this feeling? My love will rip a hole through the ceiling  
I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing  
I want Mashiach now, and it's time we start revealing  
Said, 'I'm reelin' him in, I reel him in  
Where ya been, where ya been for so long for so long?  
It's hard to stay strong  
I've been livin' in Galus for like too long?  
I said, 'Where ya been, a where ya been for so long for so long??  
What's this feeling? My love will rip a hole through the ceiling  
I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing  
I want Mashiach now, and it's time we start revealing  
What's this feeling? My love will rip a hole through the ceiling  
I give myself to you from the essence of my being  
An' I sing to my God, these songs of love an' healing  
I want Mashiach now, and it's time we start revealing  
Said, 'I'm reelin' him in, where ya been, where ya been??  
I said, 'I reelin' him in, where ya been for so long? Oh  
Where ya been for so long? It's hard to stay strong  
Been livin' in exile for?
