

# Defiance

## The Young Veins

There was a hope when we found the bridge  
Of a place we had never been in defiance  
And ever since I was a kid they said just stay away from there  
Boy don't you ever live in defiance From the outside looking in I sure do make an easy target  
It's nice to think that you are always wanted  
I'm not afraid to laugh and I don't mind taking photographs  
Because you don't ask for my autograph in defiance Now she said that it was rust and lead  
That love could never live again  
But we found a way to make it stay  
In defiance, she asked, defiance, she asked Can't we just be friends?  
This kinds of thing always happens  
I fell in love again with defiance  
In defiance, of defiance
