

# Lion (Notes From The Underground, 2013)

## Hollywood Undead

I am a lion and I want to be free  
Do you see a lion when you look inside of me  
Outside the window just to watch you as you sleep  
'Cause I am a lion born from things you can not be  
How can I sleep at night there's a war inside my head  
I found a lion hidden right beneath my bed  
I will not hide myself from the tears that you have shed  
'Cause I am a lion, and you are dead  
Here's a story of everything we'll ever be  
You can hide but some of us can never leave  
And if you go I don't need those little things  
They remind me of all our little dreams  
Can you hear the words, all I can say  
We can watch the world even if they walk away  
Forget about tomorrow, tomorrow is today  
You were born a lion and a lion you will stay  
I am a lion and I want to be free  
Do you see the lion when you look inside of me  
Outside the window just to watch you as you sleep  
'Cause I am a lion born from things you can not be  
Remember an army of all those little kids  
Livin' life like they only get a little bit  
It's hard to fight when you're born in the middle-end  
I'd rather die than watch you givin' in  
I'm sorry daughter but you're father's not the same  
I can look into your eyes and I swear that I will change  
But tomorrow is tomorrow so forgive me if I say you can hide  
Beneath the covers while I hide behind the pain  
After all only so much we can say  
Words can lose their meaning once you walk away  
Promise me that you'll love me, watch me as I fade  
I'll give you all the things that these lions never gave  
The hands on the clock and the things we cannot change  
Tearin' out the pieces and take back what I made  
If there's one thing I'd keep, it's you that I would save  
'Cause I am just a lion and a lion I will stay  
I am a lion and I want to be free  
Do you see the lion when you look inside of me  
Outside the window just to watch you as you sleep  
'Cause I am a lion born from things you cannot be  
Hey! I never meant to let go  
All I want and you're all I'll ever wanna know  
Can't hide in the attic of a pretty home  
Of a pretty home, of a pretty home

Hey! I never meant to let go  
All I want and you're all I ever wanna know  
Can't hide in the attic of a pretty home  
Of a pretty home, of a pretty home  
Hey! I am a lion and I want to be free  
Do you see the lion when you look inside of me  
Outside the window just to watch you as you sleep  
'Cause I am a lion born from things you can not be
