Beside You

Toadies

I don't give many promises
And you don't really know me
If I could promise you just one thing,
It's that you'll never be lonely

So walk aroud with you head held high
And I'll make it my wish tonight
I hope you'll never be lonely
I hope you'll never be lonely

Although I'm leaving,
Wherever I go,
I'll always be closer
Than you know
So channel your voice
And make it true,
And I'll be right there
Beside You

I know it gets real hard sometimes,
When it comes to leaving
But you're never gonna leave my mind,
I only hope you believe me

Although I'm leaving,
Wherever I go,
I'll always be closer
Than you know
So sing out loud
And make it true,
And I'll be right there
Beside You

My wish toinight,
Is that you'll never be lonely...

Although I'm leaving
Have no tears
Cause I will always
Be right here

And you have a life
That will shine through
And I'm right here
Beside You
