

Unloved

Walter Egan

Unkind
We kissed and made a vow
That you've undone
We're on a chase now It's wrong
And I don't understand
I can't even call
You unlisted your phone Unloved, unloved
Unloved, unloved Until
I looked into your eyes
And fell under your spell
I got along fine Untrue, it's untrue
And now our love
You let it unwind Unloved, unloved, unloved
Unloved, unloved, unloved Unloved, unloved
Unloved, unloved, unloved
Unloved, unloved, unloved
Unloved, unloved, unloved
