

With or Without Control

Sahara Hotnights

You've got a hold on me
You're messing up the screen
Thought it was a good idea
Dealing with the enemy I'm losing track of time
And every step's a mile
You kill expensive hours
And leave me here uncovered Boy, you're really messing up my mind With or without control
You've come to shake it all
Slow down, you've got me facing the wall
I keep moving on, on my own And this is getting weird
You went straight to my head
Moving in circles
Spinning and sparkle Boy, you're really messing up my mind With or without control
You've come to shake it all
Slow down, you've got me facing the wall
I keep moving on, on my own Come on, come on, I'm waiting
For the end of the show
Come on, come on I'm trying hard
To keep you on hold With or without control
You've come to shake it all
Slow down, you've got me facing the wall
I keep moving on With or without control
You've come to shake it all
Slow down, you've got me facing the wall
I keep moving on, on my own On my own
