14 Karat Gold

Gordon Lightfoot

If you see me smile, don't think I'm acting strange
I got my just reward for all my pains
I you see me on the TV talking proud
Please, understand if I don't talk too loudStep around and dance a bit
Polish up the dice
Set 'em loose and let 'em roll
This is my adviceKeep your mind a mystery
Runnin' hot and cold
She's more than money
She's 14 karat goldIf you wonder why I'm acting up this way
Gonna cash my chips, I'm leavin' town today
I got more love than I could ever spend
So long, farewell, good-bye, this is the endStep around and dance a bit
Polish up the dice
Set 'em loose and let 'em roll
Be as cool as iceKeep your mind a mystery
Runnin' hot and cold
She's more than money
She's 14 karat goldIf you get hit by the bug that bit on me
If you get caught with something soft and sweet
If you get found with something you can't waste
Then listen bud, let me give you a tasteStep around and dance a bit
Polish up the dice
Set 'em loose and let 'em roll
This is my adviceKeep your mind a mystery
Runnin' hot and cold
She's more than money
She's 14 karat goldStep around and dance a bit
Polish up the dice
Set 'em loose and let 'em roll
Be as cool as iceKeep your mind a mystery
Runnin' hot and cold
She's more than money
She's 14 karat gold
