

# Big Ideas

## The Boxer Rebellion

Big ideas  
For the first time in my life I have seen  
The relevance of love  
When you don't have much  
When it's what you need And I have big ideas  
For you and me I feel lucky  
With the worst luck  
Then I met you when I felt messed up  
I feel lucky  
With the worst luck  
Then I met you when I felt messed up  
I feel lucky  
With the worst luck  
Wish I'd met you now before we broke up Big ideas  
You're the shadow stealing light against the wall  
You're the dream I had just before I woke up  
Am I running through that mind of yours at all And I have big ideas  
For you and me I feel lucky  
With the worst luck  
Then I met you when I felt messed up  
I feel lucky  
With the worst luck  
Then I met you when I felt messed up  
I feel lucky  
With the worst luck  
Wish I'd met you now before we broke up I feel lucky  
With the worst luck  
Then I met you when I felt messed up  
I feel lucky  
With the worst luck  
Then I met you when I felt messed up  
I feel lucky  
With the worst luck  
Wish I'd met you now before we broke up  
I feel lucky  
With the worst luck  
Wish I'd met you now before we broke up  
Wish I'd met you now before we broke up  
Big ideas...
