

Crucifixion

Deicide

Give praise to Satan, he has won

Dynical existence, crucifixion
You will give praise to Satan
Lord of lords, kind of kings
Spread your wings

Haunted by the righteous one, bent of my repention
Crucifixion Lucifer, save me from destruction
Holy priest that can't confirm, shun the cross of evil
Violent but undisturbed, wait for thee inversion

To break the bonds of evil
To die upon the cross
To die uncertain death
From whom you place it on

Crucifixation - Thee unholy denominations
Crucifixation - Holy termination

You will give praise to Satan

Impaled vibration, Crucifixation

Levitating act of death, messa(e?)nger of Satan's mass
Blinded by the crucifix, sacrilegious impalement
Kill the chosen, righteous son, claim the cross inverted one
Everlasting hell damm(n?)ation, from the lord, Crucifixation

To break the bonds of evil
To die upon the cross
To die uncertain death
From whom you place it on

Crucifixation - Thee unholy denominations
Crucifixation - Holy termination

Where's my crucifix?
I can't die without it.
