

# Direct to Helmet

## The Spinto Band

Directly to my helmet, directly to my heart  
Directly to my hairline, where do I start?  
It's not like art is just value, just try not to argue  
Your work looks good, your look works great  
How can I state the point of view you create  
It's not too late to resolve it and if I can't solve it I'll look at the object and that's what I'll call it  
How can I respect the opinions of none?  
Directly enhancing the sun  
Directly to my helmet, indirectly to my soul  
If I said, I loved it, oh, cheese ball [Unverified], I'm not that tall  
So, the impact was more than deserving  
The plastic champagne was the least of unnerving
