

Last Breath

Suicide Silence

All the prayers in the world can't bring you back
It's your last breath, this is our last breath
All the prayers in the world can't bring you back
It's your last breath, this is our last breath
Taken from this earth without warning
Victim of the utter injustice
Nothing will ever make sense of this
Nothing could ever prepare me
All that is left are memories
And the pieces of a shattered existence
I wish I could bring back
It feels your last breath
It feels last breath
This is your last breath!
All the prayers in the world can't bring you back
Your last breath
This is your last breath
Last breath!
