Let's Make Love Tonight

The Isley Brothers

Lyin' beside you
Baby come closer, baby come closer
Touchin' your body
Baby come closer, baby come closerOh, let's make love tonight
Love me by candle light, turn off the lights
Oh, let's make love tonight
Love me by candle light, turn off the lights, babyI'm caught in your passion
Nothin' feels better, it feels so right, baby
Feel me inside you
Nothin' feels better, oh babyOh, let's make love tonight
Love me by candle light, turn off the lights, baby
Oh, let's make love tonight
Love me by candle light, ooh babyLove shadows in the night
Reflects our moods, oh, you're so sexy, woman
Love so intense, so full of life
Oh, you just lose me within the fragrance of your bodyLet's take our time tonight
And I'll love you tender, oh, you know that, baby
So come with me tonight
Oh, it's alrightI'm touchin' your body
Nothin' feels better, oh, come closer baby
I'm caught in your passion
Nothin' feels better, it's alright now, oohOh, let's make love tonight
Love me by candle light, oh, it's alright woman
Oh, let's make love tonight
Love me by candle light, do it rightCome closer, let's make love, baby
Come closer, let me love you sugar, oohOh, let's make love tonight
Love me by candle light, all night baby
Come closer, oh, good baby
I like the way you hold me tight woman, oohOh, let's make love tonight
By candle light, all night baby
Come closer, I want you closer
Love me sugar, right here baby, oohOh, let's make love tonight
