

# Make My Day (eat. Cee-Lo Green)

## Common

[Chorus]

The sun is shining brighter cause you really make my day

You really make my day

Oh oh oh

Yeah I think I like her cause she really makes my day

Yeah she really makes my day

Oh oh oh(Oh oh oh) see her on the beach she was wrapped in a towel

Her body's going down see her ass crack to smile

Enjoying the nile (woo) take it the breeze

Or some cat a mouse

And she was the cheese on the sun keys

Yeah on a conversation

California dreaming now California-cation

Said she had drinks in the collar and I had an invention

If I wanted I could brewer this is just an indication on

How cool she was

A couple of chicks came

Groupie love

They ain't want no pictures

I'm think damn damn that's really cool because sometimes

I wanna to chill sometimes the best things in life are not even planned

Came to the sand and got more than a tan

Baby girl I'm a man

And we can do this my way

Take a ride on the highway and pretend that it's Friday[Chorus](Oh)she was at a bar-b-que

Pretty painted nails she took off her shoes

Grammar school

Sipping on some I thinking man she's cool

Sun smiling on her hair

Playing spades and we can be a pair

I love it when it's sunny girl

You could be my?

Independence day and freedoms in the air

Dance and danced away yo

Showing stepping like a tango

Like me, got me

Sweet as icy spicy

Drip from my lips

We can do something hip

Trip around the world in a day

Play phonia a
