Kick In the Teeth

Supergrass

It's a kick in the teeth
Can make it hard to smile
I'm turning to a dirty dastard styleWell, I don't mind
There ain't no use in cryin'
So I just keep on tryingAnd the heartache would be fun
But I just can't get my head
Around what you want, oh yeahKilling time, waiting for tomorrow
Well, I can't sleep until my pills I swallow
Right-o guys, satisfied as I am
Well, I just keep on tryingAnd the heartache would be fun
But I just can't get my head
Around what you, what you wantA kick in the teeth
Broken glass sent flying
It's a fucking cheek
Bloody map, don't mind itYou cut me down
But there ain't no use in crying
So I just keep on tryingAnd the heartache would be fun
But I just can't get my head
Around what you, oh, what you wantWhat you want
Don't know what you want
What you want
Don't know what you want
Don't know what you want
