

# Move On Now

## Hard-Fi

Baby, baby, I think it's time we move on now  
Baby, baby, I think it's time we move on now Lookin' out my bedroom window  
See the planes take off from Heathrow  
One by one, they come and go  
On and on, on and on I think about the places I'd go  
Think about this place I call home  
All the shots and all that come  
All around, all around Red light blinkin' in the twilight  
Tracin' at a path right out of here and now  
Red light blinkin' in the twilight  
Tracin' at a path right out of here and now Baby, baby, I think it's time we move on now  
Baby, baby, I think it's time we move on now Don't you think it's quiet around here?  
Doesn't seem so much to do here  
Thinkin' back to this time last year  
Good times, good times, good times Don't you think we stayed for too long?  
Don't you think the color has gone?  
Get on a plane, it can't be wrong  
Movin' on, movin' on Red light blinkin' in the twilight  
Tracin' at a path right out of here and now  
Red light blinkin' in the twilight  
Tracin' at a path right out of here and now Baby, baby, I think it's time we move on now  
Baby, baby, I think it's time we move on now Baby, baby, I think it's time we move on now  
Baby, baby, I think it's time we move on now Baby, baby, baby, baby  
Baby, baby, I think it's time we move on now Those [Incomprehensible] empty [Incomprehensible] comes down  
Nothin's goin' on 'round here, it's time we left town Gotta feelin' my love, we've gotta get out  
Before it brings us down, down, down
