

On The Sunny Side Of The Street

[Robin McKelle](#)

Grab your coat, don't forget your hat
But leave your worries, leave 'em on the doorstep
Life's sweet, just direct your feet
To the sunny, sunny side of the streetBa, ba-ba, du-ba, that, pitter-pat
You know, that happy tune is my step
Life's so reap, if you dig that beat
On the sunny, sunny side of the streetUsed to walk in the shade
With my blues on parade
While the crackle man
Gettin' stuck in the shadeGet hip, don't be afraid
Move it all over
Kill yourself in the culvert
Only live for a friend who caresRich as Rockefeller
Can't be beat
Gold dust, round my feet
On the sunny side of the street
