

I Know

Amir

L'euphorie des jours est pass e par nous d  j
On a fait le tour, on a franchi le delta
Y'a t'il un antidote au poison des d  tails?
Nos c  urs qui s'  rodent
C'est le temps qui les entailles, entailles, entailles Plus rien ne m'agite
Une   tincelle, ou je m'  teins sans toi
Plus rien ne m'agite
Si ta peau h  site
Prends moi la flamme et je br  le avec toi
Si ta peau h  site And I know
Your fire took away my pride
And it's burning down inside And I know
That only you can turn the tide
Lift me up and make me glide Viens le temps des anges
Qui nous ram  ne en arri  re On go  te aux mensonges
La v  rit   est am  re, am  re, am  re Juste    la limite
Entre la queue et les envies d'encore
Juste    la limite Si ta peau me quitte
Que reste t'il pour faire chanter mon corps
Si ta peau me quitte And I know
Your fire took away my pride
And it's burning down inside And I know
That only you can turn the tide
Lift me up and make me glide And I know
Your fire took away my pride
And it's burning down inside And I know
That only you can turn the tide
Lift me up and make me glide And I know
Your fire took away my pride
And it's burning down inside And I know
That only you can turn the tide
Lift me up and make me glide And I know
That only you can turn the tide
Lift me up and make me glide That only you can turn the tide
Lift me up and make me glide
