

Goosebumps

[Bridget Kelly](#)

Oh Yeah I'm lonely look at me baby
Come hold me wrap your arms around my body babe
Don't let me go to the morning
I wanna show you all the secrets of my heart Chorus Can't you feel my Goosebumps?
Want you to read them like braille cause they give instructions On how to love me babe giving you directions
that connect the dots to my heart
Follow my Goosebumps 2nd Verse I'm wounded look at me baby
I need someone to love away the pain babe I'm a simple girl,
I don't ask for much but I need your touch
Baby please, don't let me go to the morning
I wanna show you all the secrets of my hearts Chorus Can't you feel my Goosebumps?
Want you to read them like braille cause they give instructions On how to love me babe giving you directions
that connect the dots to my heart
Follow my Goosebumps Bridge Hey, let me show you where to go how to get to the top of me, yeah
Like the yellow brick road I'm gonna lead you to the gold babe Promise me you won't stop
Baby race my heart, see if you can beat me there
If I lead you to the door will you go longer, stronger, oohhhh Chorus repeat 2x Can't you feel my Goosebumps?
Want you to read them like braille cause they give instructions On how to love me babe giving you directions
that connect the dots to my heart
Follow my Goosebumps
