You & I

Sandra

Changes, turning my pages,
What's gone is gone, you're gonna show the way.
Changes over the ages,
It always seems so new, it's always been the same.
Take the pieces of my heart, watch them all rearrange...
You and I belong together,
You and I too proud to lie,
Don't know why it took so long, till we got this far...
You and I (you and I)
Could love (could love)
Forever (forevermore)
You and I (you and I)
God knows (God knows)
We'll try,
In the mirror of your eyes I am not alone,
You and I...
Secrets, tell me your story,
I know you well, I wanna hear it all.
Secrets, power and the glory,
We're on the edge of love, I felt this way before.
Let the heavens fall apart, let the earth fade away...
You and I belong together,
You and I too proud to lie,
Don't know why it took so long, till we got this far...
You and I (you and I)
Could love (could love)
Forever (forevermore)
You and I (you and I)
God knows (God knows)
We'll try,
In the mirror of your eyes I am not alone,
You and I...
