I've tried 4 so long
to make you come close
boy I keep going strong
with the wind in my face
the sun in my eyes
I'm in no hurry 'cause time is on my side
till the day is the day
when love comes my way{Chorus}
mera, mera, mera meti mera leo things are getting better
mera, mera, mera meti mera leo things are getting better
kiolo esena leoopen your heart
give me your hand
come with me now
we'll make love in the sand
So i wisper your name
I wont let you hide
I'm in no hurry 'cause time is on my side
till the day is the day
when love comes our way{Chorus}
mera, mera, mera meti mera leo things are getting better
