

Dark River (Axwell Remode)

Sebastian Ingrosso

When I fall into that dark, dark river
When I fall into the river of my head
When I fall into that dark, dark river
When I fall into the river of my head
When I fall into that dark, dark river
When I fall into the river of my head
When I fall into that dark, dark river

When I fall into the river of my head When I fall into that dark, dark river
(Hey) x3

When I fall into that
When, When, When I fall into that
When, When, When I fall into that When, When, When I fall into that
When I fall into that dark, dark river
When I fall into that dark, dark river
When I fall into the river of my head
When I fall into that dark, dark river
When I fall into the river of my head
When I fall into that dark, dark river
When I fall into the river of my head
When I fall into that dark, dark river
When I fall into the river of my head

When x12
When I fall into that dark, dark river
(Hey) x3

When I fall into that
When, When, When I fall into that
When, When, When I fall into that
When I fall into the river of my head
