

Little Baby

Howlin' Wolf

You'll go and I'll come with you little baby
You'll go and I'll come with you little baby
 You'll go and I'll come with you
 You'll bet your life that I won't quit you
You'll go and I'll come with you little baby
 You'll go to court
 And I'll come along
 You'll go to jail
 And I'll throw your bond
 You got time
 Tell you what I'll do
 I'll stay outside and wait for you
You'll go and I'll come with you little baby
You'll go and I'll come with you little baby
 You'll go and I'll come with you
 You'll bet your life that I won't quit you
You'll go and I'll come with you little baby
 You'll go to church
 And I'll go there too
 You'll go to work
 I'll tell you what I do
 You'll get paid
 I'll hold the money
 I'll be right there to protect you honey
You'll go and I'll come with you little baby
You'll go and I'll come with you little baby
 You'll go and I'll come with you
 You'll bet your life that I won't quit you
You'll go and I'll come with you little baby
 You'll get the fair
 And I'll go to show
 You'll bet the horses
 And I'll pick up the dough
 You work hard
 Hurt my pride
 I'll be right there by your side
You'll go and I'll come with you little baby
You'll go and I'll come with you little baby
 You'll go and I'll come with you

You'll bet your life that I won't quit you
You'll go and I'll come with you little baby
Ooh, little baby
Ooh, little baby
Ooh, little baby
