All That You Do

After I've heard all about you
How could I ever denie you
I heard you're the author of time
And the whole universe is your design
I heard when you speak something happens
You spoke life on earth to existences
I heard you hold the world in your hand
And before I was born you had a plan
So we stand in awe with all that you do
Simply amazing, breath taking are you.

(Course)
We stand in awe of all that you do
Simply amazing breath taking are you

I heard you're the Alfa, Omega
And your son Jesus he's mediator
I heard that you love us so much
And you give anything just to be with us

(Course)
We stand in awe of all that you do
Simply amazing, breath taking are you...

You are amazing,
everything about you amazing
Your love is so captivating
Yes it is Jesus
So we give it all
All the Glory belongs to you

All that you do
All Glory is to you
With all that you do

Course
With all that you do
we give it all to you(2X...

All the Glory belongs to you.....
