Think Cavalli, Baby

Infernal

Do your drugs and fill your mugs
With love pose like dolls
With empty sculls
You just think Cavalli, baby
Ride the horse and walk the course
With pride, just pretend
You don't depend
On your Cavalli, baby

Laugh for me, baby
Chase your dream of fame and scream
Your name work the scene
Be nasty and mean
Just think Cavalli, baby
Laugh for me, baby
