

# Think Cavalli, Baby

## Infernal

Do your drugs and fill your mugs  
With love pose like dolls  
With empty skulls  
You just think Cavalli, baby  
Ride the horse and walk the course  
With pride, just pretend  
You don't depend  
On your Cavalli, baby

Laugh for me, baby  
Chase your dream of fame and scream  
Your name work the scene  
Be nasty and mean  
Just think Cavalli, baby  
Laugh for me, baby
