Rosalie

Thin Lizzy

She's quite the mediator A smoother operator you will never see She'll see you later No one dare disobey her openlyShe knows music I know music too, you see She's got the power The teen queen, RosalieRosalie, Rosalie Rosalie, RosalieShe's got the pleasure Comes from all the cornerstones of the world She's so fantastic She's everybody's favorite little record girlShe knows music I know music too, you see She's got the power I got the power, RosalieRosalie, Rosalie, yeah Rosalie, Rosalie Down on me, Rosalie Shine on me, will you pleaseFrom 'Chattanooga' to good old 'Booga Loosa'

You can hear her fine

She makes the choices

Then you'd best be smiling when it's choosing timeShe knows music

I know music too, you see

She's got the power

She is a tower, Rosalie, Rosalie, yeah

Rosalie, Rosalie, yeah

Rosalie, Rosalie, yeah

Rosalie, Rosalie, yeah

Rosalie, Rosalie
