

Wake With the Morning

Gungor

Oh my soul, wake with the morning
Unearth the sunlight, hope is dawning
Oh my soul, drawn by another
Open your hands in sweet surrenderCHORUS:
Sing your hallelujah
Sing your hallelujahAll was lost
The music was silenced
All of the dead
They sang like sirens
Mountains soar
The fires have frozen
World is ablaze with vatic storyCHORUS:
Sing your hallelujah
Oh sing your hallelujah oh my soulOh my soul
Deafened by striving
Break from the grey in which you're hiding
Oh my soul
Feel love creating
Life in your lungs
Whole heart that's beatingCHORUS:
Sing your hallelujah
Oh sing your hallelujah
Sing your hallelujah oh my soul
