

10 Fingers 11 Toes

The Ponys

Some people say that Ricky looks funny in his glasses
Susie's in black but that's how she always dresses
I'm tall and skinny and some people think I look pretty weird
But they don't know they just hate what they fear
10 fingers and 11 toes
10 fingers and 11 toes
There goes Bobby and he's talkin' in class again
Sally's walkin' like she just don't care
Now I know what I'd say to all those people walkin' by
Probably nothin' at all because I'm kinda shy
10 fingers and 11 toes
10 fingers and 11 toes
There goes Larry with his hair stickin' straight up into the air
And Becky's outside smokin' her cigarette
Never thinkin' about who and what, why or them
Just livin' their lives how they want them to be
10 fingers and 11 toes
10 fingers and 11 toes
10 fingers and 11 toes
