

# Disco Heaven

## Lady Gaga

Oh, disco heaven  
Oh, disco heaven Get back, bunny  
It's getting cold in here little honey  
We got a show to put on your dress  
Take a minute for us and relax, relax  
Cupid's got me, oh with his bow & arrow, baby  
He'll hit you in the pants, hot pants  
Get the people to dance and relax, relax Oh, the lights dim while, we're dancin'  
Yeah, the floor is shakin'  
In this disco heaven  
(Oh, disco heaven)  
D-Disco heaven(Oh, disco heaven) Oh, the lights dim while, we're dancin'  
Yeah, the floor is shakin'  
In this disco heaven  
(Oh, disco heaven)  
D-Disco heaven(Oh, disco heaven) Throw your head back, girly  
Throw it like those girls in the movies  
We've got a show to put on your dress  
Take a minute for us and relax, relax The ball is turning, a 300 mirrors are burning  
Through the hearts of the crowd  
In the back hips just banging the track  
To the music, music Oh, the lights dim while, we're dancin'  
Yeah, the floor is shakin'  
In this disco heaven  
(Oh, disco heaven)  
D-Disco heaven(Oh, disco heaven) Oh, the lights dim while, we're dancin'  
Yeah, the floor is shakin'  
In this disco heaven  
(Oh, the disco heaven)  
D-Disco heaven(Oh, disco heaven) Oh, we've got that disco  
D-I-S-C-O  
And we're in heaven  
H-E-A-V-E-N  
In disco heaven Feels just like heaven  
Disco heaven  
Disco heaven A line up for the dance  
Yeah, bring those fancy pants  
Y'know, there's disco in the air  
And hairspray everywhere A disco heaven

A disco heaven  
Disco heaven  
Disco heaven Oh, the lights dim while, we're dancin'  
Yeah, the floor is shakin'  
In this disco heaven  
(Oh, disco heaven)  
D-Disco heaven (Oh, the disco heaven) Oh, the lights dim while, we're dancin'  
Yeah the floor is shakin'  
In this disco heaven  
(Oh, disco heaven)  
D-Disco heaven (Oh, disco heaven)
