

# You're the One I Dream About

[Reba McEntire](#)

I caught you smiling at me again out of the corner of my eye  
It isn't easy when I have to pretend that you're just another guy  
I can't let anyone ever know, I can't let my feelings show 'Cause you're the one I dream about when I fall asleep  
at night

And you're the one I think about when he turns out the light  
Now it's so hard to live without you're love to hold me tight  
How I wish that he was you tonight Whenever you are close to me my heart just won't be still  
I hope that no one else can see the way you make me feel  
If only I didn't have to hide all this loving I hold inside 'Cause you're the one I dream about when I fall asleep at  
night

And you're the one I think about when he turns out the light  
Now it's so hard to live without you're love to hold me tight  
How I wish that he was you tonight If we could somehow be together  
I know this love will last forever, forever So, you're the one I dream about when I fall asleep at night  
And you're the one I think about when he turns out the light  
It's so hard to live without you're love to hold me tight  
How I wish that he was you tonight
