

Kamikazee

MISSIO

I am a kamikazee
I am so freaky
Freakier than I'm bad
I'd set on fire that's desire
I am a kamikazee
I am so easy
Easier than I'm bumpering at (?)
That's for sure
I shouldn't want it
But I want it
And it's healing my black soul
I want money and power and champagne and fame
I want money and power, gonna black outs to blame
I want money and power and champagne and fame
I want money and power, gonna black outs to blame
Money, power, champagne, fame
Money, power, champagne
I am a kamikazee
I am so guilty
Guiltier than I (?) it mistress who runs to you
I am a kamikazee
I am so lonely
Lonelier than I (?) grey-blue light crushed as (?)
I shouldn't want it
But I want it
And it's healing my black soul
I want money and power and champagne and fame
I want money and power, gonna black outs to blame
I want money and power and champagne and fame
I want money and power, gonna black outs to blame
Money, power
Money, power
Money, power
Money, power
I want money and power and champagne and fame
I want money and power, gonna black outs to blame
I want money and power and champagne and fame
I want money and power, gonna black outs to blame
Money, power

Money, power

Money, power

Money, power

Money, power

Money, power

Money, power, champagne, fame
