

# Y'all Don't Know Me

## Krayzie Bone

It's Krayzie Bone

It's Krayzie Bone

It's Krayzie Bone

It's Krayzie Bone

Homie, y'all don't know me, mighta heard my name

Ain't nobody feelin' hold me, not in this game

Homie, y'all don't know me, know me

Mighta heard my name, name

But ain't nobody goin' to hold me, especially in this game

Excuse me, but do you know me?

You've seen me on TV an' in the video

Got caught up in 'Crossroads', forgot that we was criminals

That's right, we them same niggaz to come up from nothin'

To what up with them figures

Nigga, my album got better thangs

An' people changed when I got in the game

Niggaz call me, I don't even know how you know my name

How the fuck you get my number? What the fuck is goin' on?

Then I got these haters leavin' threats on my phone

They messages be records that they made just for me

I'm not on that, don't give a fuck if you rap faster than me

But when it come to bein' the realest niggaz that ever did it

You know Bone Thugs gonna be contendin' for that position

Listen, if y'all niggaz wanna trip with us

Bomb ya, fall witch a dick in the dust

Get up, what up? Thought ya had me figured out, but you didn't

Remember next time, that last time

That nigga wasn't bullshittin'

Homie, y'all don't know me, mighta heard my name

Ain't nobody feelin' hold me, not in this game

Homie, y'all don't know me, know me

Mighta heard my name, name

But ain't nobody goin' to hold me, especially in this game

Homie, y'all don't know me

Y'all mighta heard my name once or twice

Don't start none drama, won't be none drama

'Cause however they want it

They can come get it, believe I got it

Can't be faded, keep thinkin', ?Krayzie ain't really crazy?

Haters, that pressin' me to make me show this lately  
Afraid that they mistaken that they thinkin'  
Kray ain't hip, hip, hip  
To those who pose as friends  
But are phony before they can infiltrate  
But can't imitate us for long  
They better not come talkin' no shit 'cause I'm servin' 'em some  
An' fuck whatcha heard, believe whatcha see, please  
Dap is cheap, dramatical action speaks  
Did you hear it, hear it?  
I know ya feel it, feel it, the twelve gauge eruption  
Homie, y'all don't know me, mighta heard my name  
Ain't nobody feelin' hold me, not in this game  
Homie, y'all don't know me, know me  
Mighta heard my name, name  
But ain't nobody goin' to hold me, especially in this game  
We got a game full of clones that can't hold they own  
So they be fast to bite, nigga don't like Bone  
Then why the fuck you rappin' like me, bastard?  
You know you like it, nigga's funny  
Be bobbin' they head to my music  
But when they see me, they mean muggin'  
Keep lookin' ugly, niggaz but just don't jump  
'Cause I'm a nervous nigga an' I'll buck, buck, buck  
Thug haters, they get me violent, cops make me riot  
You bitches make me sick an' tired, sin keeps me wide up  
An' I needs to be high, just for fuckin' with y'all  
An' I dedicate this one to all them bustas, I knew would fall  
Had to get rid of the dead weight that was holdin' me down  
The Thug line officials an' it's goin' down  
So wake up, wake up, wake up, wake up, dawg  
No need, don't even try to fade us, y'all  
Who the nigga in the halls, big balls? That's Sawed Off Slim  
Don't try to get with him 'cause playa, playa  
Homie, y'all don't know me, mighta heard my name  
Ain't nobody feelin' hold me, not in this game  
Homie, y'all don't know me, know me  
Mighta heard my name, name  
But ain't nobody goin' to hold me, especially in this game  
You don't know me, homie, y'all don't know me  
You don't know me, mighta heard my name  
You don't know me, ain't nobody feelin' hold me  
You don't know me, not in this game  
Especially not in this game
