Stop My Flow

Jerzee MonÃ©t

You're a hater
And you tryna stop my flowSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundPretend to be a friend to me
But a fake is all that I see
Things aren't the way the use to be
Funny how time changes things'Cause I got a little fame
Now you wanna throw mix in the game
Damn, what a shame
People hate to see you do good things, yeah, yeahSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundDraggin' my name through the dirt
Thinkin' it won't hurt
That won't work
Negativity don't offend me at allSame ones that offend me
Don't know I can mend me
Back together again
I'm still hereSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundTalkin' 'bout them haters out there
Perpetrators I swear
Pretendin' that they care
When you need 'em they're never thereI'm talkin' 'bout them haters out there
Perpetrators I swear
Pretendin' that they care
When you need 'em they're never thereForget that, when I really need you you're never there
But when you need me I'm always there
I guess this shows me just how you really are
You always wanted to stop my flowBut your not, no way
Tell me everything

(Tell me everything, the truth)
So many tell me that they wanna stop my flow
Why?So many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go aroundSo many wanna stop my flow
So many wanna stop my flow
Wanna come and put your road blocks down
But that don't mean I can't go around
