

Skin

Club 8

Paint yourself a picture
Of what you wish you looked like
Maybe then they just might
Feel the amounts of your pain Come into focus
Step out of the shadows
It's a losing battle
There's no need to be ashamed
Cause they don't even know you
All they see is scars
They don't see the angel
Living in your heart
Let them find the real you
Buried deep within
Let them know with all you've got
That you are not your skin
When they start to judge you Show them your true colors
And do one to others
As you'd have done to you
Just rise above this
Kill them with your kindness
Ignorance is blindness
They're the ones that stand to lose
Cause they don't even know you
All they see is scars
They don't see the angel
Living in your heart
Let them find the real you
Buried deep within
Let them know with all you've got
That you are not your skin
Well they don't even know you
All they see is scars
And they don't see the angel
Living in your heart
So let them find the real you
Buried deep within
Let them know with all you've got
That you are not your skin
