

# Love Your Love The Most

## Eric Church

I love sleeping in on Saturdays  
And I love college football games  
I love not acting my age  
And good barbeque  
Yeah I'm a fan of all the books  
And anything my mama cooks  
Smallmouth bass have got me hooked  
On Sunday afternoon  
Yes I love good cold beer  
And mustard on my fries  
I love a good loud honky tonk  
That rocks on Friday night  
And hell yes I love my truck  
But I want you to know  
Honey I love your love the most  
Man I love how Redman tastes  
And damn I love my Nascar race  
Any song sung by George Strait  
Is country at it's best

Yes I love good cold beer  
And mustard on my fries  
I love a good loud honky tonk  
That rocks on Friday nights  
And hell yes I love my truck  
But I want you to know  
Honey I love your love the most  
I love  
Yeah I love scuffed up cowboy boots  
And broken tore up jeans  
A four wheel drive, eight point bucks  
And rocky road ice cream  
And hell yes I love my dog  
And Jack D in my coke  
But honey I love your love  
Yeah I love your love  
I love your love the most  
I love your love the most
