

Storyline

Hunter Hayes

Yeah

Well everybody, they think they know us

They think they've got us figured out,

Waste their words just trying to tell us,

How the typical, predictable, young love turns out, yeah Little do they know girl, we've got a fast car

A James Dean spirit and a Norma Jean heart.

This blank sheet of paper, has been waiting forever,

So baby just tell me where you wanna start You and I, can fall as hard as we want

Make the story of our own, and blow Shakespeare's mind,

It's ours to write, it's our love and it's our life

Right or wrong, we'll write our own storyline

Na na na, na na na, na na na, storyline We can pack for Paris, plan for Tennessee,

Oceans, mountains, hey I don't care as long as you're with me

Running like crazy, yeah, kissin' in public

Who cares what the world thinks girl they don't know nothing about us You and I, can fall as hard as we want

Make the story of our own, and blow Shakespeare's mind,

It's ours to write, it's our love and it's our life

And right or wrong, we'll write our own storyline yeah Yeah yeah Let's make the story of our lives, whatever we
wanna make it,

If there's rules about the way this works well I think it's time we break 'em,

From the moment I met you, there's just one thing I've been praying

If this boy gets you girl, girl will you take my name? 'Cause you and I can fall as hard as we want

Make the story of our own, and blow Shakespeare's mind,

It's ours to write, it's our love and it's our life

And right or wrong, we'll write our own storyline I said right or wrong, we'll write our own storyline yeah

Na na na, na na na, na na na, oh yeah

It's all in our storyline,

its part of a storyline

It's all in our all in our storyline
