

There Will Come A Day

Faith Hill

It's not easy trying to understand
How the world can be so cold
Stealing the souls of man
Cloudy skies rain down on all your dreams
You wrestle with the fear and doubts
Sometimes it's hard, but you gotta believe
There's a better place
Where our Father waits
And every tear He'll wipe away
The darkness will be gone
The weak shall be strong
Hold on to your faith
There will come a day
There will come a day
Wars are raging lives are scattered
Innocence is lost and hopes are shattered
The old are forgotten, the children are forsaken
In this world we're living in is there anything sacred
There's a better place
Where our Father waits
And every tear He'll wipe away
The darkness will be gone
The weak shall be strong
Hold on to your faith
There will come a day
There will come a day
The song will ring out down those golden streets
The voices of earth with the angels will sing
Every knee will bow sin will have no trace
In the glory of His amazing grace
Every knee will bow sin will have no trace
In the glory of His amazing grace
There will come a day
There will come a day
Oh, there will come a day
There will come a day
I know there's coming a day, coming a day
