# Hold the Line

## Jack + Eliza

[Verse 1]
Come and watch the curtain rise
Just in time for us to hide
Do you wanna see my ghost
Picking up the old boy's slack
Only can we go so far
Take a bow and raise a glass
Oh![Hook]
Hold it right there
Do you want to keep me on the line?
Hold it right there
Caught the operator[Verse 2]
Come and watch the old paint dry
Wait until the tide comes higher
We'll be playing in an old man's war
Picking flowers off the corner store
Oh![Hook x2][Outro]
Only this road lasts as long
'Till you find you're on the run
Only this road lasts as long
'Till you find you're the only one[Hook]
