

Home And Dry

[Gerry Rafferty](#)

This silver bird takes me 'cross the sky
Just one more hour and Ill be home and dry
'Cross the ocean, way above the clouds I come stealin
Feelin tired but I feel good
'Cause I did everything I said I would
I think of you and I know how youll be feelin
I gotta see you, I gotta be with you
Well make it better now in every way
Its gotta be you, its gotta be you
Yes from now on Ill tell you everyday
Way up here above this timeless sea
I realize just what it is you mean to me
You give me somethin when I thought that everything we had was dyin
I need a reason just to make me carry on
Well I know better now, I know where I belong
I cant imagine how I ever let myself just give up tryin
I gotta see you, I gotta be with you
Well make it better now in every way
Its gotta be you, its gotta be you
Yes from now on Ill tell you everyday
Ooh, yes home and dry
Aint nothin up here gonna slow me down
You know I never ever take the long way 'round
I think of you, 'cause I know how youll be feelin
This silver bird takes me 'cross the sky
Just one more hour and Ill be home and dry
'Cross the ocean, way above the clouds I come stealin
I gotta see you, I gotta be with you
Well make it better now in every way
Its gotta be you, its gotta be you
Yes from now on Ill tell you everyday
Ooh, yes home and dry
