

# Hang Your Heart

## Tokyo Police Club

You been making conversation but it's just a string of empty words  
You've been carving out a smile when all you wanna do is burst  
Well there's nothing you could hide that could ever be too dark to tell  
And I'm crossing all my fingers that you'll come out of your shell  
Now you can hang your heart up on my wall  
Just the way it is, the way you are  
Yeah you can hang your heart up on my wall  
I won't let it down, won't let you fall  
I been trying to put my finger on the thing that really makes you glow  
I been soaking up your eyes and you don't even seem to know  
I know it's not easy, and I know it gets so dark  
But I'm sure it would be harder if I didn't have your spark  
Yeah, hang your heart up on my wall  
Just the way it is, the way you are  
I need you to hang your heart up on my wall  
I won't let it down, won't let you fall  
And we're gonna make it through, and we're gonna see the light  
And I'm gonna keep a place for you inside, to hang your heart  
And when someone else is down you can take your turn and say  
There is nothing that you need to hide away  
Just hang your heart  
Hang your heart up on my wall  
Just the way it is, the way you are  
Hang your heart up on my wall  
I won't let it down, won't let you fall
