Black Sun

Therion

Black sun rising over mankind
All the slave Gods will be sunblind
Sorath shining through his new priest
Who proclaim the rise of the beastBear the torch across the darkness
And hold up the spear of destiny
Hail Deggial, sign of the black sun
We will light the flames of victoryBlack sun burning the face of earth
And preparing the new Gods birth
Sorath coming to the black feast
And speak the voice of the beastBear the torch across the darkness
And hold up the spear of destiny
Hail Deggial, sign of the black sun
We will light the flames of victory
