

Keep Myself On Edge

DZ Deathrays

On the edge of the blue sky
Falling backwards through blue light
Everyone saying it's alright
I'd always thought you'd tell meKeep on the edge just to feel right
Running backwards with closed eyes
Rather than see what's behind
I'd always want to tell youGuess I'll be anxious anymore
Fell in love with feeling overwrought
Guess I'll be anxious anymore
Myself of the edge of every thoughtMy blood distorts all my senses
Trying to make it work put my heart on the canvas
Let my blood fill up my skinOn the edge and I feel light
Heading back to what felt right
Before I fell through the blue light
I'd always thought you'd tell meKeep on the edge of each night
Counting backwards with each try
Want that feeling of wound tight
I'd always want to tell you
