

Release Your Love

The Isley Brothers

Pretty little baby
Won't you listen to my heart?
My needs are simple
And you're what I've been needing from the start
Like honey
To a honeybee
You got me buzzing
I see what I need
I ain't lying
Gonna lay it on the line
This is the moment tonight
I got to make you mine
Like candy
To a wild-eyed child
I see what I want
And it's driving me wild
Release your love
Girl, you got to give it up to me, oh, baby
Very good, so good
Release your love to me
Only you can set me free
Wanna get closer
Ooh, let's go somewhere, hey, baby
Where we can get closer, yeah
You've been distant
You've been playin' hot and sweet
I've been burning
All fired up by your heat, I'm hot, baby
Just look at me
I'm on my knees
My sincere intention
Is only to please
Release your love
Girl, you got to give it up to me, oh, baby
Very good, so good
Release your love to me
Only you can set me
Oh, set me free
Come on, baby, closer

Let's go somewhere tonight
Where we can get closer
Oh, just look at me
I'm on my knees
My sincere intention
Is only to please
Release your love
Yeah, give it up to me
I know it's good for me
Very good, so good
Release your love to me
Only you can set me
Oh, come on, baby
Release your love, come on
Very good, so good
Release your love
Give it up, turn it loose
Where you goin'?
Come on, baby
Need it right now
Baby, be good, so good
Release your love to me
Release your love, love
So good, so good
Oh, it's so good
Release your love, baby
It's so good
