## **Little Things**

## **Tanya Tucker**

Love can't be measured with diamonds and gold Before you spend your money I oughta let you know If you wanna get to me, try the little things Don't need that mansion on top of the hill Too many rooms with nothing to fill You can't furnish me with the little things Rub my back, make me laugh Hold me while I dream All it takes to make my day Is to tell me you love me, little things It doesn't matter what mood I'm in I always melt when you begin Whispering little things Rub my back, make me laugh Hold me while I dream All it takes to make my day Is to tell me you love me Oh, little things Rainy walks, a midnight talk Dance me on your feet Hold me close, don't let go All I'll ever need is a single rose A kiss hello, that smile upon your face The tender way, you say my name Takes my breath away Little things, oh yeah, aha Love can't be measured with diamonds and gold All I'll ever need, oh, is little things Mmm, little things, little things
