Unation

Running Wild

We are the riders, facing the storm
Conviction guides us taking the scorn
Denying the yes-man, never being the fool
Longing for freedom, our aim is trueWe are so loaded holding the flame
Screaming in anger our rights to claimHeeding our call
We are to proud we want it all
Never give inStrong and proud we'll survive the grief
Scream and shout for what we believeTipping the scales never biting our tongue
Freedom is calling the heart of the young[Pre...]We are the riders, facing the storm
Conviction guides us taking the scorn
Denying the yes-man, never being the fool
Longing for freedom, our aim is true[Pre & Chorus...]Fist up high, freedom to defend
Dark to deny, unation stands
