

# Unation

## Running Wild

We are the riders, facing the storm  
Conviction guides us taking the scorn  
Denying the yes-man, never being the fool  
Longing for freedom, our aim is true  
We are so loaded holding the flame  
Screaming in anger our rights to claim  
Heeding our call  
We are so proud we want it all  
Never give in  
Strong and proud we'll survive the grief  
Scream and shout for what we believe  
Tipping the scales never biting our tongue  
Freedom is calling the heart of the young  
[Pre...] We are the riders, facing the storm  
Conviction guides us taking the scorn  
Denying the yes-man, never being the fool  
Longing for freedom, our aim is true  
[Pre & Chorus...] Fist up high, freedom to defend  
Dark to deny, unation stands
